Forthcoming United Givers Fund Drive | Mr. Echols | |
| 5. Mid-Career Training | General Carter | |
| 6. Deputy for National Intelligence
Programs Evaluation | | |

Mid-Career Course

Probably the most important course the Office of Training has set up since the JOT program was started.

It should be considered as the Agency equivalent of the service war college programs and our objective is to make it as good.

The senior staff of the Agency, including the Deputy Directors and other senior officers, will be requested to participate and we want all of them to do so and to give freely of their time to the program -- it should receive top priority.

Similarly, the very best of the mid career personnel should be selected for the program and the fact of their participation will bear heavily in their future assignments and careers.
